## SAFETY INFORMATION

### About Photosensitive Seizures

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause these "photosensitive epileptic seizures" while watching video games.

These seizures may have a variety of symptoms, including lightheadedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, or momentary loss of awareness. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects.

**Immediately stop playing and consult a doctor** if you experience any of these symptoms. Parents should watch for or ask their children about the above symptoms — Children and teenagers are more likely than adults to experience these seizures.

The risk of photosensitive epileptic seizures may be reduced by sitting farther from the television screen, using a smaller television screen, playing in a well-lit room, and not playing when you are drowsy or fatigued.

If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing.

**Other Important Health and Safety Information** The Xbox Instruction Manual contains important health and safety information that you should read and understand before using this software.

### Avoid Damage to Your Television

Do not use with certain televisions. Some televisions, especially front- or rear-projection types, can be damaged if any video games, including Xbox games, are played on them. Static images presented during the normal course of game play may "burn in" to the screen, causing a permanent shadow of the static image to appear at all times, even when video games are not being played. Similar damage may occur from static images created when placing a video game on hold or pause. Consult your television owner's manual to determine if video games can be played safely on your set. If you are unable to find this information in the owner's manual, contact your television dealer or the manufacturer to determine if video games can be played safely on your set.

Unauthorized copying, reverse engineering, transmission, public performance, rental, pay for play, or circumvention of copy protection is strictly prohibited.

## XBOX LIVE

### Take *Shadow Ops™: Red Mercury* Beyond the Box

Xbox Live™ is a high-speed or broadband Internet gaming community where you can create a permanent gamer identity, set up a Friends List with other players, see when they're online, invite them to play, and talk to them in real-time as you play.

### Connecting

Before you can use Xbox Live, you need to connect your Xbox console to a high-speed or broadband Internet connection and sign up for the Xbox Live service. To determine if Xbox Live is available in your region and for information about connecting to Xbox Live, see [www.xbox.com/connect](http://www.xbox.com/connect).

## USING THE XBOX VIDEO GAME SYSTEM

1. Set up your Xbox® video game system by following the instructions in the Xbox Instruction Manual.
2. Press the power button and the status indicator light will light up.
3. Press the eject button and the disc tray will open.
4. Place the *Shadow Ops™: Red Mercury* disc on the disc tray with the label facing up and close the disc tray.
5. Follow on-screen instructions and refer to this manual for more information about playing *Shadow Ops™: Red Mercury*.

### Avoiding Damage to Discs or the Disc Drive

To avoid damage to discs or the disc drive:

- Insert only Xbox-compatible discs into the disc drive.
- Never use oddly shaped discs, such as star-shaped or heart-shaped discs.
- Do not leave a disc in the Xbox console for extended periods when not in use.
- Do not move the Xbox console while the power is on and a disc is inserted.
- Do not apply labels, stickers, or other foreign objects to discs.

## USING THE XBOX CONTROLLER

1. Connect the Xbox Controller to any controller port on the front of the Xbox console. For multiple players, connect additional controllers to available controller ports.
2. Insert any expansion devices (for example, Xbox Memory Units) into controller expansion slots as appropriate.
3. Follow on-screen instructions and refer to this manual for more information about using the Xbox Controller to play *Shadow Ops™: Red Mercury*.

### MENU CONTROLS

Control	Action

Black button	Roll grenade
START button	Pause game
BACK button	Objectives
BACK button then A button	Hints

This is the default controller configuration. You can switch controller configurations in the Options Menu under Controller. See "Options" on Page 7 for details.

## WELCOME TO *SHADOW OPS™: RED MERCURY*

Imagine a nuclear weapon that fits in a backpack, with the power to annihilate millions. Imagine such power falling into the wrong hands.

You are Frank Hayden, an elite Delta Force operative recruited by the CIA. Your mission: track down and defuse a weapon of unspeakable destruction known only as *Red Mercury*. The terrorist faction that possesses this devastating device will stop at nothing to realize their twisted goals of chaos and fear. Your pursuit of these madmen will lead you through some of the deadliest, war-torn locations on earth.

Your obsessive quest to track down this potential nightmare is far from a solo mission. The Russians claim they are after *Red Mercury* to prevent a nuclear war. Can they be trusted? What about the CIA and its intel?

Figure it out fast. The fate of millions is in your hands.

## START MENU

### Create Profile (Start a New Game)

1. From the Start Menu, select "Create Profile" and press the **A** button. Enter a name for your profile and press the **A** button over the default name provided. Use the **directional pad** or **left thumbstick** to select a letter, and then press the **A** button to choose that letter. Select "Create Profile" when finished and press the **A** button.
2. Select a difficulty level from the following options: Infantry (easy difficulty), Ranger (normal), Green Beret (hard) or Delta Force (hardest).
3. After creating the profile, you are taken to the Options Menu. Once you have changed the settings, select "Continue" and press the **A** button to save them to your profile. You will be taken to the Main Menu.
4. From the Main Menu, select "Campaign" and press the **A** button.

### Load Profile (Load a Saved Game)

1. From the Start Menu, select "Load Profile." Change the profile name displayed by moving up or down with the **directional pad** or the **left thumbstick**. Press the **A** button to load the selected profile, the **X** button to delete it or the **B** button to go back.
2. Select "Campaign" from the Main Menu and press the **A** button.
3. In the Campaign menu, select the name of the level you want to load and press the **A** button to start the game.

### Multiplayer

See "Multiplayer" on page 11.

## SAVING GAMES

After you successfully complete a level, the game automatically saves your progress. You will be able to load the next level and start playing it from the "Load Profile" menu after turning off your Xbox video game system.

If you die before reaching the end of a level, you can restart the level as many times as you want.

### Warning

**Delta Force:** You have only one life in the Delta Force difficulty setting for the entire game. If you die while playing in the Delta Force difficulty setting, you will have to start over from the beginning. You must complete the entire game using only one life. However, it is possible to exit the game at any point and resume playing later from the beginning of the level at which you quit. But if you die after resuming the game, all saved progress will be lost and you must restart from the beginning.

## MAIN MENU

### Campaign

To resume a game in progress, select "Campaign" and press the **A** button. To play through previously completed levels, cycle through the names of the levels to load one. When done, press the **A** button.

### Co-Op

See "Co-Op" on page 11.

### Multiplayer

See "Multiplayer" on page 11.

## OPTIONS

Select "Options" from the Main Menu to adjust profile, audio and controller settings. Press the **B** button to return to the previous menu.

### Modify Profile / Controls

Modify the options and controller setup for the profile currently in use.

**Controller:** Modify the actions that each button performs.

**Audio:** Adjust the volume level for sound effects, music and dialog. Select the item you want to change and press the **directional pad** or the **left thumbstick** to adjust the setting. Press the **B** button to return to the previous menu.

**Note:** You cannot change the type of sound (mono, stereo, Dolby Surround) within the game. To change the sound mode, go to the Xbox Dashboard. For more information, see your Xbox documentation.

**Settings:** Turn the following options ON / OFF.

**Auto Contrast:** Adjusts the screen contrast automatically for the best picture quality.

**Invert pitch:** Reverses the up/down axis on the **right thumbstick**.

**Vibration:** When this option is ON, the controller will vibrate in response to some game events.

**HUD:** The Heads-Up Display (HUD) shows information about your health and available ammo. [See "Heads-Up Display" on page 8.]

**Height:** Changes the width of the HUD from the side of the screen.

**Width:** Changes the height of the HUD from the bottom of the screen.

**Opacity:** Changes the opacity of the HUD.

**Subtitles:** When ON, displays subtitles for the game's dialog.

**Cheats:** Enter cheat codes here.

## Special Features

Select an available special feature and press the **A** button to view it. You can unlock some special features as you progress through the game in the various modes.

## PLAYING THE GAME

### Heads-Up Display

#### Aiming Reticle

When the reticle turns red, an enemy is within range and targeted.

#### Damage Indicator

When you're taking enemy fire, a red flash indicates the direction from which the damage is coming.

#### Health Meter

If your health is reduced to zero, you die. To restore your health, look for the health packs spread throughout the levels.

#### Weapon and Ammo Information

The number to the left of the weapon icon indicates the ammo left in the current clip. The number to the right indicates the ammo reserve. The number of available grenades is indicated by the dots below the weapon icon.

### Distance to the Next Objective

Distance to the Next Objective does not appear in Green Beret or Delta Force difficulty levels.

### Teammates and Friends

Depending on the mission, you may find yourself fighting alongside others. In most cases, you are the mission leader and will receive important information from your teammates.

When aiming at friendly forces, the person's name and a sign indicating "Hold your fire" will replace the reticle of your weapon. Although you cannot kill teammates, they will not appreciate being shot. You must do what you can to protect them so they can complete their mission assignments.

**Note:** You can adjust the amount of damage that friendly fire causes in multiplayer games. See "Multiplayer Game Options" on page 12.

### Ammo

Each weapon class has a specific type of ammunition. You will find ammo during missions. To pick it up, walk over it. To reload your gun, press the **X** button. Press right or left on the **directional pad** to toggle through your weapons.

**Note:** If you run out of ammo, you can use your gun as a melee weapon. [See "Melee Attack" on page 10.]

### Mission Objectives

Before each mission, you can review the next objective by pressing the **BACK** button. Select an objective and press the **A** button to get more information. You must complete all of the objectives and reach the end of a level in order to access the next level.

## WEAPON MODES

### Aim / Lean Mode

Use aiming mode to get a clear shot of an enemy target. Aiming mode lets you use the sight or scope of your current weapon to steady your aim and hit the target.

- Pull and hold the **left trigger** to enter aim/lean mode.
- Press the **directional pad** up or down to zoom in and out with the sniper rifles.
- Move the **right thumbstick** left or right to move your aim left or right.
- Move the **left thumbstick** left, right, up or down to lean left, right, up or down. If you are crouched, you won't be able to lean down. If you stand up, you won't be able to lean up.
- Pull the **right trigger** to fire.
- Press the **White button** to throw a grenade.
- Press the **Black button** to roll a grenade.
- Press the **B button** to crouch.

### Melee Attack

A melee attack involves using your weapon as a blunt instrument to knock out an attacker. This is handy when an enemy is close by or charging, and you're out of ammo or reloading. To use melee attack, click the **right thumbstick button**.

### Gun Emplacements

Gun emplacements are found behind enemy lines. These heavy-caliber guns can quickly clear an area. To man a gun emplacement, move into position behind the weapon and press the **A button**.

### Planting Explosives

Certain missions require placement of explosive charges in specific locations, including doors and tanks. You won't see the charges in your weapon inventory. Here is how to plant a charge:

1. Get close to the charge placement marker on the object you must destroy.

2. Aim at the object. Press and hold the **A button** to plant the charge. A series of lights will then turn green. When all of the lights on the charge turn green, take cover. You can be injured or killed by the explosion.
3. If you release the **A button** before all of the charge lights turn green, you must start over.

## MULTIPLAYER

In addition to the single-player story, you can play *Shadow Ops™: Red Mercury* against friends via Split-Screen, System Link or Xbox Live. In addition, a two-player Co-Op mode is also available for you and a friend.

### Co-Op

Two players connect to a single Xbox video game system to play through specific campaigns side-by-side. This option is available for two players only. Both players must help and protect each other to successfully reach the end of each level. If one player dies, both players must restart the campaign.

Connect two controllers to the Xbox video game system to access Co-Op mode. From the Main Menu, select "Co-Op," and then select the map you want to play. Select "Start Level" and press the **A button** to begin.

Once the split-screen appears, select your weapon loadout from three different types (Close Combat, Sniper or Heavy Weapons). Then, select "Ready" and press the **A button**.

### Split-Screen

From the Multiplayer menu, select Split-Screen to play with another player on the same Xbox video game system. Each player must press the **A button** on their controller to join the game. Select a game type (Deathmatch, Team Deathmatch, Capture the Flag, V.I.P. Escort) and press the **A button**.

Set the game options (see "Multiplayer Game Options" on page 12), select "Done," and press the **A button** to start the game. **Note:** Not all options are available for all multiplayer game types.

After the map is loaded, proceed to the Lobby screen. Select the team on which you want to play. This will affect your weapon loadout. After selecting a team, select a character class (Rifleman, Sniper, Heavy Weapons or Close Combat). If you die, you may change your character class. When you're done, select "Ready" and press the **A button**.

## System Link

Join Xbox systems connected via a Local Area Network (LAN) for one game. Each Xbox can add three or more players up to a total of four [depending on the map] for split-screen.

Once you select System Link, you can either join a match in progress on another Xbox connected to the LAN, or host a match for other Xbox consoles to join.

## Xbox Live

Xbox *Live* connects you to Microsoft's online matchmaking system and allows you to find and play games with other Xbox users within Xbox *Live*. Select the account you want to use on the "Sign In" screen and press the **A** button. Once signed in, you have the following options:

<b>Quick Match:</b>	Search for any available matches in which to play.
<b>OptiMatch:</b>	Set specific match options to search for, such as specific game types, number of players, etc.
<b>Create Match:</b>	Set up a match for others to join within Xbox <i>Live</i> .
<b>Friends List:</b>	Look for friends online.

## Multiplayer Game Options

<b>Map</b>	Map on which you want to play.
<b>Max Players</b>	Maximum number of players allowed in the game.
<b>Captures</b>	Number of flags a team must capture to win a Capture the Flag game.
<b>Kills</b>	Maximum number of kills required to win the match. If a player kills the maximum number set on a selected map, the game ends even if the time limit has not expired.
<b>Min. Per Round</b>	Time at which the game ends. If the time limit expires and no player has reached the maximum number of kills set on the map, the game ends.
<b>Friendly Fire</b>	Percentage of damage a player takes when shot by a teammate.
<b>Respawns</b>	Number of times each player can respawn.
<b>Private Game</b>	Create a password-protected game.

## Multiplayer Rules

### Deathmatch

- The rule is every man for himself, whether Special Forces or Terrorist.
- The character class you choose determines your available weapon loadout.
- Changing classes can give you an edge in certain situations. Figure out which class works best for you.
- The host defines the maximum number of players, duration of the game, the kill limit and the initial map selection.

- The first player to reach the kill limit wins. If no one reaches the limit before time expires, the player with the most kills is the winner.
- Respawns are infinite.
- At the end of the game, a table appears with the scores.
- If a player commits suicide (with a grenade for instance), that player has one kill subtracted from his total kills.

### Team Deathmatch

- Two teams fight against each other: Special Forces vs. Terrorists. Team scores are totaled to determine the winning team.
- The character class you choose determines your available weapon loadout.
- The host defines the maximum number of players, duration of the game, kill limit, initial map selection and turns Friendly Fire ON / OFF.
- With one respawn, once you are dead, you can only watch your team until the game is over.
- The first team to reach the kill limit wins. If neither team reaches the limit before time expires, the team with the most kills is the winner.
- Provide cover for teammates. Heavy Weapons characters can provide cover fire for Rifleman characters.

### Capture the Flag

- Two teams fight against each other: Special Forces vs. Terrorists. Each team must capture the opponent's flag and return it to their team's base.
- The character class you choose determines your available weapon loadout.
- The host defines the maximum number of players, duration of the game, kill limit, initial map selection and turns Friendly Fire ON / OFF.
- You get a point only if you have your team's flag present when you return with the enemy flag.
- If you kill the opposite team's flag carrier, the flag will return instantly to your base when you touch it. If you pick up the opponent's flag after your teammate dies, you can still carry it.
- The first team to reach the capture limit wins. If neither team reaches the limit before time expires, the team with the most captures is the winner.
- Teamwork is critical to victory. Snipers can provide cover fire for players making an assault on the flag.

### V.I.P. Escort

- Two teams fight against each other: Special Forces vs. Terrorists. The Terrorists must kill the V.I.P. The Special Forces must escort the V.I.P. to a given location.
- The character class you choose determines your available weapon loadout.

- The game randomly selects which player on the Special Forces is the V.I.P.
- The host defines the maximum number of players, duration of the game, initial map selection and turns Friendly Fire ON / OFF.
- The Special Forces win if the V.I.P. safely arrives at the location.
- The Terrorists win if the V.I.P. dies. If all of the Terrorists are killed, the Special Forces win.
- Players cannot respawn. If a player dies, he must wait for the next round.

## SHADOW OPS TACTICS

The following tips might help you survive:

- When beginning a mission, always look around for cover spots. Clear immediate threats and move to cover to better assess the situation.
- When behind cover, use the lean function to peek at enemies without completely exposing yourself.
- In addition to leaning left/right, you can also lean up (when crouched) and down (when standing up).
- Conserve ammo whenever possible. If you run out, you may have to rely on an inferior weapon, such as a pistol, or resort to melee attacks. Some enemies drop ammo and health packs — after you've neutralized an enemy, be sure to check the area surrounding him.
- Game difficulty levels affect how much damage you can take, how much damage your shots cause, and how often your teammates help. If you find the game too easy, switch to a higher difficulty level.

THX Certification is your assurance of consistent and optimal sound and picture performance. This game title was developed in a studio that meets THX's stringent reference standards for acoustical and visual performance, letting you enjoy the best in sound and picture playback.

## ATARI WEB SITES

To get the most out of your new game, visit us at:

<http://www.us.atari.com>

To send e-cards to your friends, download wallpapers, or get access to other free stuff, visit our Freebies section at:

[www.us.atari.com/freebies](http://www.us.atari.com/freebies)

If you would like to chat with other gamers, as well as developers, visit our Community Forum area at:

[www.ataricommunity.com](http://www.ataricommunity.com)

Kids, check with your parent or guardian before visiting any web site.

**Chat Messages:** Atari does not monitor, control, endorse, or accept responsibility for the content of chat messages. You are strongly encouraged not to give out identity or other personal information through chat message transmissions. Kids, check with your parent or guardian if you are concerned about any chat you receive.

Use of Atari web sites is subject to terms and conditions, which you can access at:

[www.us.atari.com/terms\\_of\\_service.asp](http://www.us.atari.com/terms_of_service.asp)

## TECHNICAL SUPPORT (U.S. & CANADA)

### Help Via the Internet

Up-to-the-minute technical information about Atari products is generally available 24 hours a day, 7 days a week via the Internet at:

<http://www.atari-support.com>

Through this site you'll have access to our **FAQ** (Frequently Asked Questions) documents, our **Hints/Cheat Codes** if they're available, and an **E-Mail** area where you can get help and ask questions if you do not find your answers within the **FAQ**.

**Note:** In the event we must send you a Hint Sheet, FAQ document, patch or update disc via E-mail, we may require verifiable consent from a parent or guardian in order to protect children's privacy and safety online. Consent Forms are available at the web site listed above.

### Help Via Telephone in the United States & Canada

For phone assistance, call **Atari Technical Support** at (425) 951-7106. Our **Interactive Voice Response** system is generally available 24/7, providing automated support solutions immediately.

This console-based product has automated support, which includes information such as gameplay tips, information on Control Keys, possible Cheat Code combination keys, and instructions for finding secret

screens and/or additional game levels (if these type of items exist and are made available for this particular product).

Great News! We've improved our Automated Systems so that you can get product-specific Troubleshooting help more quickly. All you need to do is enter the product's **Part #** when prompted to do so. This will take you directly to all of our known issues and solutions for this title. The product's **Part #** is located in several places (on the CD label, Game Pak, package and/or plastic disc case, if applicable) and is usually identified by a number such as **04-12345**. When prompted by the Automated System, enter the **last five digits** of your product's **Part #**. [For example, **Part # 04-12345** would require that you enter the "12345" portion of the number for that product.] **Note:** Some products simply feature a five-digit **Part #** without an "04-" prefix.

Live support is generally available Monday through Friday, 8:00 AM until 6:00 PM (Pacific Time). **Note:** We may be closed on major holidays.

### Product Return Procedures in the United States & Canada

In the event our technicians at (425) 951-7106 determine that you need to forward materials directly to us, please include a brief letter explaining what is enclosed and why. Make sure you include the Return Merchandise Authorization Number (RMA#) supplied to you by the technician, and your telephone number in case we need to call you. You will receive the mailing address when the technician gives you the RMA#. Any materials not containing this RMA# will be returned to you unprocessed.

### Warranty Policy in the United States & Canada

If our technicians determine that the product storage medium is found to be defective within ninety (90) days of original purchase, (unless otherwise provided by applicable law), Atari will replace the item free of charge, to the original purchaser, if the item is accompanied by the original dated receipt and packaging.

## END-USER LICENSE AGREEMENT

**IMPORTANT — READ CAREFULLY:** Please be sure to carefully read and understand all of the rights and restrictions described in this End-User License Agreement ("EULA").

### AGREEMENT

This document is an agreement between you and Atari, Inc. and its affiliated companies ("Company"). The enclosed software game disc(s), cartridge or Game Pak ("Software") and any accompanying printed materials are licensed to you only on the condition that you accept all of the terms contained in this EULA.

By opening this package and installing or otherwise using the Software you agree to be bound by the terms of this EULA. If you do not agree to the terms of this EULA you may not install or use the Software and within 15 days of purchase you must call the Tech Support telephone number listed in the manual accompanying the Software (the "Manual"). Select the Automated Phone System's Main Menu option for Consumer Services and follow the prompts.

You will be given a Return Merchandise Authorization number (RMA #) by the technician. You then have 15 days from the date of this contact to return the Software in its protective covering, the Manual and the original sales invoice to the address supplied to you.

If this is a PC product, when you install the Software you will be asked to review and either accept or not accept the terms of the EULA by clicking the "I Accept" button. By clicking the "I Accept" button you acknowledge that you have read the EULA, understand it and agree to be bound by its terms and conditions.

### COPYRIGHT

The Software is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. All title and copyrights in and to the Software (including but not limited to any images, photographs, animations, video, music, text and "applets" incorporated into the Software) and any printed materials accompanying the Software are owned by the Company or its licensors.

### GRANT OF LICENSE

The Software is licensed and not sold to you and its use is subject to this EULA. The Company grants you a limited, personal, non-exclusive license to use the Software in the manner described in the user documentation. The Company reserves all rights not expressly granted to you in this EULA.

### PERMITTED USES

1. If the Software is configured for loading on a hard drive, you may install and use the Software on a single computer.
2. You may make and maintain one copy of the Software for backup and archival purposes, provided that the original and copy of the Software are kept in your possession.
3. You may permanently transfer all your rights under this EULA, provided you retain no copies, you transfer all of the Software (including all component parts, the media and printed materials and any upgrades) and the recipient reads and accepts this EULA.

### RESTRICTIONS

1. You may not delete or obscure any copyright, trademark or other proprietary notice on the Software or accompanying printed materials.
2. You may not decompile, modify, reverse engineer, disassemble or otherwise reproduce the Software.
3. You may not copy, rent, lease, sublicense, distribute, publicly display the Software, create derivative works based on the Software (except to the extent expressly permitted in the Editor and End-User Variation section of this Agreement or other documentation accompanying the Software) or otherwise commercially exploit the Software.
4. You may not electronically transmit the Software from one computer, console or other platform to another or over a network.
5. You may not use any backup or archival copy of the Software for any purpose other than to replace the original copy in the event it's destroyed or becomes defective.

## **EDITOR AND END-USER VARIATIONS**

If the Software includes a feature that allows you to modify the Software or to construct new variations (an "Editor"), you may use such Editor to create modifications or enhancements to the Software, including the construction of new levels (collectively the "Variations"), subject to the following restrictions. Your Variations: (i) must only work with the full, registered copy of the Software; (ii) must not contain modifications to any executable file; (iii) must not contain any libelous, defamatory or other illegal material, material that is scandalous or invades the rights of privacy or publicity of any third party; (iv) must not contain any trademarks, copyright-protected work or other property of third parties; and (v) may not be commercially exploited by you, including but not limited to making such Variations available for sale or as part of a pay-per-play or timesharing service.

## **TERMINATION**

This EULA is effective until terminated. You may terminate this EULA at any time by destroying the Software. This EULA will terminate automatically without notice from the Company if you fail to comply with any provisions of this EULA. All provisions of this EULA as to warranties, limitation of liability, remedies and damages will survive termination.

## **LIMITED WARRANTY AND DISCLAIMER OF WARRANTIES**

You are aware and agree that use of the Software and the media on which is recorded is at your sole risk. The Software and media are supplied "AS IS." Unless otherwise provided by applicable law, the Company warrants to the original purchaser of this product that the Software storage medium will be free from defects in materials and workmanship under normal use for ninety (90) days from the date of purchase. The warranty is void if the defect has arisen through accident, abuse, neglect or misapplication. If the Software fails to conform to this warranty, you may at your sole and exclusive remedy, obtain a replacement free of charge if you return the defective Software. Follow the Product Return Procedures described in the Manual. The Company does not warrant that the Software or its operations or functions will meet your requirements, or that the use of the Software will be without interruption or error.

**TO THE FULLEST EXTENT PERMISSIBLE UNDER APPLICABLE LAW, EXCEPT FOR THE EXPRESS WARRANTY SET FORTH ABOVE, THE COMPANY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING AND WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. EXCEPT FOR THE EXPRESS WARRANTY SET FORTH ABOVE, THE COMPANY DOES NOT WARRANT, GUARANTEE OR MAKE ANY REPRESENTATION REGARDING THE USE OR THE RESULTS OF THE USE OF THE SOFTWARE IN TERMS OF ITS CORRECTNESS, ACCURACY, RELIABILITY, CURRENTNESS OR OTHERWISE. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF OR LIMITATIONS ON IMPLIED WARRANTIES, SO THE ABOVE EXCLUSIONS AND LIMITATIONS MAY NOT APPLY TO YOU.**

## **LIMITATION OF LIABILITY**

**IN NO EVENT WILL THE COMPANY OR ITS EMPLOYEES OR LICENSORS BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, OR ANY DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR INJURY TO PERSON OR PROPERTY, FOR LOSS OF PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, LOSS OF PRIVACY, FAILURE TO MEET ANY DUTY AND NEGLIGENCE) ARISING OUT OF OR IN ANY WAY RELATED TO THE USE OR INABILITY TO USE THE SOFTWARE, EVEN IF THE COMPANY OR AN AUTHORIZED REPRESENTATIVE OF THE COMPANY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE EXCLUSION MAY NOT APPLY TO YOU.**

**IN NO EVENT WILL THE LIABILITY OF THE COMPANY FOR DAMAGES WITH RESPECT TO THE SOFTWARE EXCEED THE AMOUNTS ACTUALLY PAID BY YOU FOR THE SOFTWARE.**

## **CHOICE OF LAW AND VENUE**

This EULA is governed by the laws of the United States of America and the State of New York, exclusive of its conflicts of law provisions. The exclusive venue for litigation regarding or arising from this EULA is New York County, New York and you agree to submit to the Jurisdiction of the courts of New York County, New York for any such litigation.

## **MISCELLANEOUS**

If any provision or portion of this EULA is found to be unlawful, void, or for any reason unenforceable, it will be severed from and in no way affect the validity or enforceability of the remaining provisions of the EULA.

This EULA constitutes the entire agreement between you and the Company regarding the Software and its use.
